The Dynamics of the Round Table learning combines proven instructional design expertise, creativity, and technical knowledge in an inspiring discussion—the way learning should be.....

Course Synopsis:

The participant will be introduced to new products and techniques by leaders in the dental industry. The session consists of 4 Round Tables that attendees rotate around. Each of the 4 table's discussion is approximately 35 minutes in length and attendees rotate to each table over the 3 hours time (3 Hrs of CEU's), which keeps the program interesting & invigorating. The discussion groups are kept small to encourage participation—which is why this program is so exceptional. Space is limited, so be sure to register early for this event. You will come away energized with new ideas and product samples for your office.

*****ADDED BONUS*****

Come back after lunch and renew your CPR Recertification **American Heart Association CPR**
